Desktop Stand

Description

The MiniStand is the most versatile smartphone stand on the market. Simply toss your phone toward it, and its precision magnets will guide your phone securely into place. You can then rotate your phone and adjust its angle to your liking. By way of its patented sticky-gel locking suction cup, the MiniStand attaches to just about any smooth surface (as well as some textured surfaces too) so you can mount your phone to a wide variety of convenient surfaces, including your dashboard, windshield, desktop, kitchen counter, nightstand, and refrigerator. When you're ready to go, there are no clumsy tabs or knobs to mess with — just grab your phone and go.

Additional information

| | |
|-------------------|---|
| Weight | 3.2 oz / 91 g |
| Dimensions | 2.5 x 2.5 x 4 in / 6.36 x 6.35 x 10.16 cm |
